THE HANOVER POLICE DEPARTMENT IS A YHOP CERTIFIED AGENCY

A message from Chief Dennis...

The Hanover Police Department has long recognized the importance of working with victims, community members, advocacy groups, and our health and prevention organizations. These relationships are crucial during the process of investigating and solving crimes, especially the crime of sexual assault.

Sexual assaults are one of the most under reported crimes in our nation and that must change. To help us meet this critical challenge and bring change, we have chosen to implement the You Have Options Program (YHOP) in the Hanover Police Department. This is a program that is victim-centered and offender-focused.

Our motto is "HPD C.A.R.E.S". The "CARES" stands for Compassion And Respect in Every Situation. As we continue to demonstrate compassion and respect through our delivery of services, we have implemented this outstanding new program to help us better serve victims of sexual assault. Our participation in this program is our commitment to you, a sexual assault survivor, that you will not only be heard, but will also have your individual concerns addressed during both the reporting and investigative processes.

We strive to treat all members of our Hanover and Dartmouth communities with compassion and respect. By doing so, we believe it established a high level of trust that allows survivors to feel safe, comfortable, and in control while reporting their experience to us. Our officers take each incident very seriously. The person who committed the sexual assault is solely responsible for that assault and one of our jobs as law enforcement officers is to gather evidence to hold offenders accountable for their crimes.
