PROPOSAL STATEMENT FORM A

Answer Questions one through seven in this form as specified in the request for proposals.

1. Company or Contractor Team Background Material- The Proposer shall demonstrate 8 years' experience with tank maintenance and management experience. This shall include any proposed subcontractor or consultants that the Proposer plans to engage on this project.

2. Experience/References-

The Proposer shall provide a Client reference list, with names, addresses, and telephone numbers, especially for clients to whom the Proposer has provided similar services in the past. The Proposer should be able to provide a list showing that they have worked on at least one similar project that is of similar size and scope. References shall include a brief description of the project and the services provided in New England.

Provide resumes for key personnel of project management and delivery of services. Resumes of in-house inspectors and project managers with their certifications must be included. To have a staff member on site that will make sure they conform to "National Association of Corrosion Engineers" (NACE) certified company inspectors and .an OSHA 30 Certified (lead training) for at least one crew member.

3. Project Approach

The Proposer shall provide a preliminary plan and cost estimate of the rehabilitation, including construction techniques and proposed construction materials for the maintenance and repair of the tank. The Proposer shall also describe recent similar work and any other information that the Proposer deems relevant to the project, and which the Proposer believes will further the competitiveness of the Proposal, including work samples, pictures, etc. from similar completed projects. As part of the scope the Proposer is responsible for stamped structural engineering plans for the structural components being replaced or added to the tank

4. Schedule

The Proposer shall provide a brief description of their ability to meet the construction schedule set forth in this Request for Proposal. In addition, the Proposer shall provide a proposed schedule of

construction. Upon award of contract, NOTICE OF AWARD, a preconstruction plan schedule indicating the number of weeks from the contract notice to proceed to each major milestone in the tank renovation must be created and submitted to demonstrate project timeline. Please note the tank should only be decommissioned for 8 weeks.

5. Cost Proposal

Proposers shall submit a Cost Proposal for the upgrades. (Bid Form Attached)

6. Quality Assurance-Contractor to provide information on who and how the testing will be performed for assurance of specifications (certifications) per the RFP. Upon award, the Contractor must provide a Safety Program Manual (company safety policies, requirements, and certifications of personnel) and percentage of work to be subcontracted.
