Bee feeding on native wild blue lupine (*Lupinus perennis*)

Part ONE: Pollinator Partners

**GOAL: 100 New
Pollinator Gardens
Planted in the Upper Valley**

HERE are the partners, formed in 2017.

These groups promote pollinator events and encourage local pollinator gardens. They will receive and share occasional newsletters, and are invited to post on our new Facebook page. We will help promote pollinator events on members' request.
