**RE:** Water Distribution Project Informational Meeting-Area 4

**Meeting:** June 24, 2025, 4:00pm, Corner of Ledyard Lane and Hovey Lane

Dear Resident,

We will be holding a project informational meeting with the residents, Town Project staff, the engineers, WP, and the contractor, L & M, to explain the project schedule and what that means for the residents. At the meeting we will introduce the team, discuss the work, road closures, water-interruptions, access to resident homes, hours of operation, mail, garbage, recycling deliveries or pick-ups. This will also be followed by walking the project area for those who are interested.

We want to let you know that most services **will not be** interrupted. For times when there is a proposed road closure on your street, due to mainline installation, we will try and work with you for special accommodations, but you may need to access your property via South main street or Lebanon Street. We are asking that residents do not park on Hovey or Buell Street between the hours of 7am -5pm. When the construction work is crossing your driveway, we may ask you to park elsewhere, so that you can get in and out while the main line is being installed across your property. **We will cover this in more detail at the meeting.** Town hall will have your addresses on file so you can pick up a parking pass to park in a town lot, for the duration of the impacted day(s) and you will not need to go daily to receive your free parking pass. We are trying to keep the project page up to date with plans, schedules, notices, letters, traffic control plans, etc. This QR code will take you to the project page. <https://hanovernh.org/794/Capital-Water-Distribution-Replacement-R> If you have questions do not hesitate to contact us. **For Newsflash project updates-** sign up on the front page of the Town website at **How do I...** then select **Notices** and then select **the water distribution project**. You will then receive texts and emails with updates.

Thank you and hope to see you at the meeting.

Christina B. Hall, P.E., Town of Hanover PW, Deputy Director.
